GERRY ARATHOON

M.A., B.Ed.

CISCE/Cir/DGL/2017

May 19, 2017

To: All Heads of Affiliated Schools

Dear Sir / Madam,

Sub : *DigiLocker* Facility

The Council for the Indian School Certificate Examinations (CISCE) is pleased to inform you that it has partnered with the Department of Electronics and Information Technology, Government of India in enabling the extension of the DigiLocker facility to candidates of Classes X (ICSE) & XII (ISC) of all its affiliated schools.

DigiLocker is a 'digital locker' service which provides dedicated personal electronic space in a government owned public cloud storage, where an individual can keep his/her documents, files or certificates. The individual is also able to download or share them online with various stakeholders as and when required. The storage space is linked to the Unique Identification Authority of India (Aadhaar number) of the user. The service is free, secure and user-friendly. The Council, from the Examination year 2017 onwards, in addition to providing hard copies of certificates to the candidates of the ICSE & ISC Examinations, shall also via the DigiLocker, make available digitally signed copies of the Statement of Marks and the Pass Certificates. In addition, digitally signed Migration Certificates will also be made available only to ISC candidates.

To access their digital documents, candidates are required to create an account with the DigiLocker using the URL <https://digilocker.gov.in>. After logging in to the DigiLocker Account, the candidates can follow the instructions on the Dashboard to access the required document(s).

I look forward to your cooperation in making this endeavour successful.

With warm regards,

Yours sincerely,

Gerry Arathoon
Chief Executive & Secretary
