Year - 2020-21

Chapter - Living and Non-Living

Note:-

1. Use a four-line notebook for this subject and write number 2 on it.
2. Children should copy down all the exercise in their notebook as mentioned below.
3. It will have written assessments .
4. Learn and Practice all the exercises.
 - There are different types of things around us.
 - Some are living and some are non-living things.
 - The things which can eat grow, move, breath and reproduce are called living things.
Eg: plants, man, birds, animals ..etc.
 - The things which cannot grow, move, eat and reproduce are known as non-living things.
Eg: table, chair, rock, pen, fan..etc.
