Affiliated to CISCE, New Delhi  
P. O. Box 24, Athwalines, Surat.

## Metas Adventist School

### Senior K.G

### Subject – Science

### Year -2020-21

### Chapter –2 Leaves and Flowers

<https://youtu.be/tvkLl0lJqYE>

<https://youtu.be/rUgEn6Pndgk>

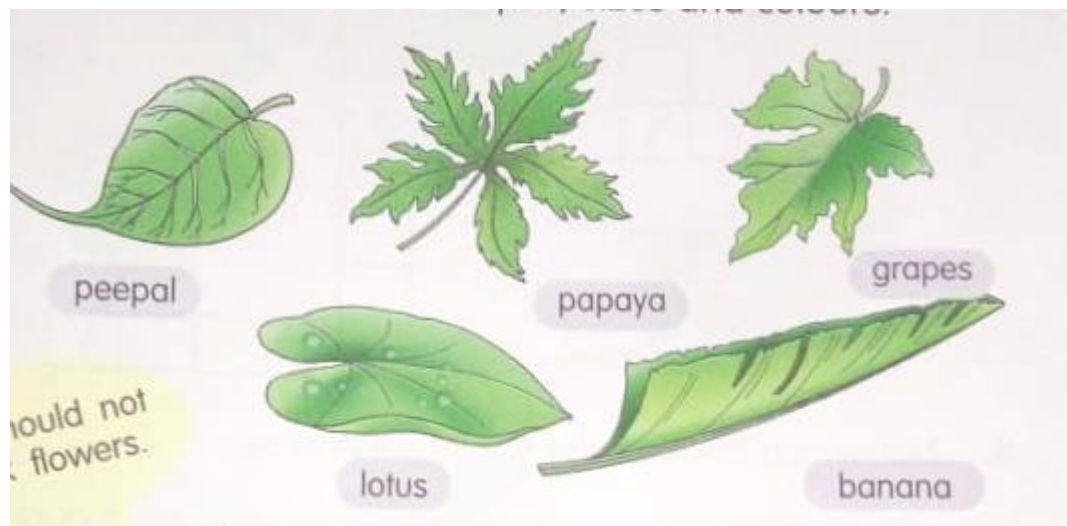

#### **Note:**

Children should write all topics in their notebook (No 2).

Children have to see all the videos.

#### **Teaching points:**

Leaves are of different types. The main function of leaf is to produce food for the plant. The leaves of different plants vary widely in size, shape and color.

Many green leafy vegetables, such as lettuce or spinach, can be eaten raw for example sandwiches or salads.

Flower is a special part of the plant. Flowers are also called bloom or blossom of plant. In all plants, a flower is usually its most colorful part.

Rose is the king of flowers.

We should not pluck flowers.

We get sugar from sugarcane.

## Worksheet:
